## SCHOOL REPORTS

### REPORT OF THE SUPERINTENDENT OF SCHOOLS For the School Year 1921-1922

To the School Board of the

Deering, N. H., School District:

The report of the Superintendent of Schools for the school year 1921-1922 is herewith respectfully submitted.

The Mansonville School was opened this year, after having been closed for several years. The children of this district have been attending the Hillsboro Special District School, and educationally they were given an excellent opportunity; but as parents objected to the distance from the Hillsboro School, and because the School Board was urged to open that school, it was opened, and Miss Marion Griffin, a resident of that district, was engaged to teach. The enrollment in this school was the largest in town, the percent of attendance, 93%, was the highest, and the number of cases of tardiness per pupil was the lowest, while they had more visitors than the other two schools combined.

In the school having the largest number of visitors there was the smallest number of absence and tardy marks, which indicates that the greater interest parents show in the schools the better it is for the children.

Mrs. Alice M. Colburn returned to the West Deering School, it being her sixth year as teacher of that school. Miss Almeda A. Holmes continued as teacher at East Deering, and, as stated before, Miss Marion Griffin taught at Mansonville.

The average amount of teaching experience of these teachers was seven years, and their average salary was \$504.00. This salary is an increase over what was paid a few years ago, but in spite of that, it is not equal to the salary paid in this state to such teachers. This means that when we must go outside of our own town for teachers we are trying to make a purchase in a market where others pay more than we are willing to pay. We have been very fortunate in Deering, but such good fortune cannot be relied upon. Compare our average salary of \$504.00 with some other figures. The average salary in the whole United States for one room rural school teachers is \$774, and in New England it is \$682.

The enrollment of 51 pupils was divided as follows:—  
 14 at West Deering, 15 at East Deering and 22 in Mansonville. There were 23 other Deering young people attending school out of town, in Hillsboro, Weare and Francestown. We have a total of 74 pupils. In 1858-1859, 63 years ago, we had 204 pupils in the Deering schools. We give below some interesting statistics for the year 1858-1859:—

District	Enrollment	Teachers
1	27	Hattie A. Wilkins, S. Garland Blanchard
2	25	Frances M. Butler, Lydia J. Wilson
3	8	George C. Patten
4	22	Eliza A. Jackson
5	26	Ellen R. Gregg, George C. Patten
6	20	Abbie J. Carr, Harrison C. Ferry
7	13	Hannah E. Shepard, Henry Gove
8	23	Addie P. Pierce, Benjamin L. Bartlett
9	29	Lydia J. Wilson, William A. Muzzy
10	5	M. A. Newhall
11	6	Lucinda L. Bartlett

The population was then about 880, compared with about 230 now. They had 204 pupils and we have 74. 23% of the population was then in school and 32% are now in school. The Superintendent would be glad to receive information as to the location of the 11 schools mentioned above, and any other facts of historic interest connected with our schools.

During the year our schools had 126 visits from parents and friends, 13 visits from members of the school board, and 37 visits of supervision and inspection from the Superintendent.

The Honor Roll which contains the names of those who have been neither absent or tardy during the year, is far too small, and contains only one name this year, that of Miss Flossie French of West Deering.

We appreciate the earnest work of the teachers and officers, and urge the parents to visit the schools more often. An encouraging word now and then is helpful to teachers and pupils.

Respectfully submitted,

AMASA A. HOLDEN,  
 Superintendent of Schools.
